

VINEYARD-- You may have noticed some changes being made in the speed limit on Lakeview Dr. and 400S Holdaway Rd.

Starting Friday Oct 10th, we are asking drivers to slow down to 20 miles per hour when signs begin being posted on that stretch of LakeView Dr. and 25 Miles per hour on 400S Holdaway Rd.

Vineyard City, Lakeview Dr. & 400S Holdaway Rd. Speed Limit & Safety Changes

The reason for the changes of more signage, and lowering speeds down to 20 Miles per hour on Lakeview Dr, and 25 miles per hour on 400S Holdaway Rd., is due to the two Warrant Studies that were done to exam safety on these streets. Putting these changes in place will help protect the residents of our community, including our children coming to and from the near-by schools.

Vineyard's Engineers, City workers and Residents have been proactive in bringing these traffic studies and solutions to our City.

For Safety Purposes there will be curbs painted red for visibility issues throughout various locations of Vineyard. Changes will be made near the Sleepy Ridge Communities mailbox system in Vineyard, as well. No parking should occur in front of the mailbox, except to retrieve mail. We will be seeing changes added to that section of the road, to allow a pull-in- exit area for residents retrieving their mail.

400S Holdaway Rd is planned to be a collector Rd for the City of Vineyard. Vineyard Elementary also sits on this collector road, and due to this, 25 miles per hour signs will be posted, and flashing children crossing signs will be placed on both sides of this street section.

Project leaders say police and sheriff's deputies will begin to strictly enforce the speed limit.

Vineyard's Council has gotten a lot of inquiries about the speed limits on social media, some saying enforcement is not happening or that it's nothing but a speed trap. The message is, that Vineyard is always addressing safety in the community, and these are more steps in that direction.

If you have questions on timing, clarity, or how to read the warrant studies that are posted on Vineyard.Utah.gov, please contact Vineyards Public Works Director, Don Overson. [dono@vineyardtown.com](mailto:dono@vineyardtown.com)
